**AMENDMENT TO
2005 NOTICE OF FUNDING AVAILABILITY (NOFA)
GOVERNOR'S HOMELESS INITIATIVE
ISSUED NOVEMBER 15, 2005**

The Department of Housing and Community Development issued a NOFA for the Governor's Homeless Initiative on November 15, 2005 announcing the availability of approximately \$40 million in Governor's Homeless Initiative funding. With the objective of ensuring a reasonable geographic distribution of funds, the Department is announcing an increase of \$15,000 in the maximum per restricted unit loan amount for projects located in the Southern California area for non-target population units for projects not utilizing 9 percent tax credits. Southern California includes the counties of Kern, San Bernardino, San Luis Obispo, and all counties to the south. As specified in the NOFA, in all projects throughout the state, target population units are subject to a \$30,000 increase above the traditional maximum per unit loan amount. For projects with 9 percent tax credits, target population units will receive the traditional loan limits regardless of location, and non-target population units will receive no loan regardless of location.
